Your registration fee includes technology fees and electronic seminar materials which will be sent via email prior to the event.

Q: How will you verify my attendance?

A: To comply with IRS requirements, attendance will be electronically tracked. We will also be asking polling questions at regular and frequent intervals throughout each session. The polling question will show on your screen and you select a response. Questions are created to enhance the learning experience, and correct answers are not required. Failure to answer polling questions will result in loss of CE credit for portions of the course.

Q: When will I receive my certificate of attendance?

A: Certificates of attendance will be emailed to participants within 10 days of the conclusion of the seminars. Credit will be based upon actual time in attendance, based upon login/logout information and participation in polling questions. You will be required to select which type of continuing education credits you are seeking when you register. If you are seeking Insurance Continuing Education, you must know your National Producer Number at the time of registration. If you are seeking IRS CPE Credits, you must know your PTIN number at the time of registration.

Q: Can multiple participants "share" one login/password?
