Law & Taxation

Our agricultural clients are facing many challenges in 2024: a changing farm economy, an uncertain tax landscape, emerging technologies, evolving farm practices, tornadoes, floods, derechos, eminent domain, family conflicts, and more. Agricultural attorneys, tax professionals, and advisors must prepare to guide clients through these challenges, equipping them to thrive. Our September Seminars will provide professionals with the practical tools and knowledge they need to do just that.

We hope you’ll join us!

Day 1 Cosponsors: Iowa Farm Bureau and Iowa State Bar Association, Agricultural Law Section
FARM TAX WORKSHOP

Wednesday, September 18, 2024

The Farm Tax Workshop prepares tax professionals to tackle the tax provisions relevant to agricultural producers and landowners in 2024. All attendees, in person and online, will receive a copy of the 2024 Agricultural Tax Issues workbook, a more than page resource.

The one-day course will cover as many topics from the workbook as time allows:

Chapter One: Timely Agricultural Tax Topics
Chapter Two: New Legislation and Guidance

Chapter Three: "Climate Smart" Agriculture and Conservation Tax Developments
Chapter Four: Taxes in the Face of Disaster
Chapter Five: Section 179 and other Cost Recovery Methods
Chapter Six: Retirement Issues for Farmers
Chapter Seven: Lease v. Purchase
Chapter Eight: Tax Planning for Low Income Years
Chapter Nine: Selling and Trading Farm Property
Chapter Ten: Sample Return

We will also have a one-hour session covering ethics for the rural tax practitioner.

Registration and Sign-in begin at 7:45 a.m.
